Section 4: Program overview

Brief Summary

The Men’s Club held a Latin-themed dinner in November 2014 to raise awareness of the Latin America Masorti community, benefit the Seminario Rabinico in Buenos Aires, and raise funds to meet a long overdue commitment to the synagogue’s Capital Campaign. The dinner included Latin American food, lessons in salsa and merengue, and a short presentation by a local Conservative Hazzan from Brazil on the history of the Seminario and the Asst. Rabbi of Olam Tikvah on Masorti Olami and the need to support other communities. The program was successful in raising a significant amount of money for the Seminario and the synagogue.
Detailed Summary

- What were the goals of your program? Are there specific problems or challenges that it addresses?
  - The goals of the program were the following:
    - Re-establish the tradition of the Men’s Club holding a large, fun-filled and community-building annual fundraising event for the Men’s Club (the previous year had been the 50th Anniversary celebration of the synagogue and auxiliary organizations were not able to hold major fundraisers.)
    - Raise enough money to make a substantial effort to retire a remaining $6000 commitment to the synagogue Capital Campaign for building of the already complete Social Hall addition.
    - Inspired by the ties of the Club President to Latin America, raise awareness of Masorti Judaism in Latin America, and of the work of the Seminario Rabinico Latinoamericano in Buenos Aires, and make a donation to the Seminario.

- Specific Problems or Challenges it Addresses:
  - Restoring the finances of the club, which has fallen in the Summer of 2014 to very low levels due to the lack of a major fundraiser in the 2013-2014 program year.
  - Restore the credibility of the club in the synagogue community, which had been affected by the delay in meeting the commitment to the Capital Campaign.
  - Interesting younger members of the community in Men’s Club activities
  - Creating a spirit of fun for the club and the community.

- How does your program enhance the image of FJMC, your region, and your club?
  - The program showed the support of the FJMC for Masorti Judaism and enhanced the connection with the Seminario and Latin American community. Part of the proceeds of the event dedicated to the Seminario ($1200 total) were used to pay Jewish Lights Publishing for the rights to publish a Spanish language edition of Rabbi Simon’s book “Building a Successful Volunteer Culture” to be distributed to synagogues in Latin America.
  - The region’s image was also enhanced by the show of support for Masorti Judaism, and several regional officials, including two Past Presidents of the Seaboard region, and the President of the Olam Tivah Men’s Club, attended a luncheon hosted by the Ambassador of Argentina in honor of Rabbi Skorka, the Rector of the Seminario Rabinico.
  - The club’s image was greatly enhanced by holding a successful fundraiser that provided entertainment for the community, provided a lot of value in the silent auction, raised the profile of the synagogue with Masorti Olami, and established ties with the Latin American
2013–2015 Torch Awards - Application

Jewish community. Men are still wearing in services the Guatemalan hand-made kippot that were distributed to sponsors of the event, and people are still talking about how much fun they had several months later.

- Due to the amount of money raised for the synagogue ($4800) the Board of Olam Tikvah decided to defer accepting the money until the next fiscal year, to help close a projected budget deficit, and for the first time in its history, funds to be provided by the Men’s Club because an official line item in the synagogue budget, thereby further enhancing the reputation of the club.

- What is its value in building or strengthening your club?
  - Besides strengthening the reputation of the club, the challenges of the project and the morale boost of its success created a great sense of shared pride and camaraderie among the club leadership, and brought in some additional men who were interested in participating on the board of the club.

- Who is your target audience? (i.e. congregation at large, chapter, community)?
  - The target audience for the event was the adult members of the congregation, as well as those in the local Jewish community interested in attending. By having a lively dance theme and free babysitting, we worked especially hard to bring in younger couples.

- How does your program support FJMC’s mission, Involving Jewish Men in Jewish Life?
  - The program forged bonds among the men who worked together to put it one, and also gave them pride in supporting the community. The program also provided resources to the Masorti community, and therefore helped create closer ties and promote involvement of the FJMC in that community.

- Describe the source of your program and its unique aspects. Is this an original program or an adaptation or enhancement of a previous program (if so, which one)?
  - While the idea of holding a dinner-dance was not unique, the idea of giving it an international theme tied to Masorti Judaism was original.

  - The theme was carried through the marketing and event. The menu was planned by a Colombian member of the synagogue, we ordered kippot from a Guatemalan women’s collective, the decorations used colors, symbols and flags from the region, the music and dance lessons at the event were Latin, a Brazilian Chazzan spoke about the Seminario, and we worked in advance with the Seminario to get a letter of greeting from the Rector.
2013–2015 Torch Awards - Application

- The “branding” as a “Fiesta” created a buzz in the community that grew and resulted in a very healthy attendance of about 150 people.

- Please attach planning and marketing materials, as well as budgetary planning so the program can be replicated by other clubs.

- See attached flyer, notional budget, order of march for the evening, and program handed out at event.

-- Cold appetizers on tall tables, Boy Scouts will serve hot appetizers - empanadas
-- Dinner service at 8
-- Dessert service at 9:30

Bar (?)
Set out drinks, keep clean
How are we going to serve Cuba Libres? Better that someone should mix them, as people might over pour if we just leave out bottles of rum (one is 151). Also, normally I think you put a twist of lime in.

May have one or two checks.
Hand out programs at the door.

Entertainment (Bob)

Alex Jacobs & partner Terri Ann Guingab will perform one number during dinner, and then lead dance lessons after the formal portion.

Bob will coordinate with them when this is to be done.

Do we want to have a dance contest or not? Need to agree on prize, perhaps TJ’s gift basket.

Babysitting (Eric)
The babysitting will be in the Youth Lounge of the Religious School wing.

Part of this evening’s proceeds will benefit the Seminario Rabínico Latinoamericano (also known as the Marshall T. Meyer Latin American Rabbinical Seminary). The seminary operates under the auspices of the Conservative movement as a religious, cultural, and academic center in Buenos Aires, Argentina, to educate and ordain rabbis from Latin America to strengthen and sustain Jewish communities in the region. Founded in 1962 by Rabbi Marshall T. Meyer, the Seminary is an affiliate of the Jewish Theological Seminary of America.

Almost 100 rabbis have graduated and been ordained by the seminary, including nine female rabbis. These rabbis work in more than 90 Jewish communities in Latin America. Other graduates work in areas outside of Latin America, including Israel and the United States. The seminary also has programs for mohalim, sofrim and hazzanim, as well as Jewish educators.
